

A Dog Walker's Guide to our Town of Lockport Parks

- Dogs must be effectively restrained by a leash not exceeding 15 feet in length.
- Dogs should not be allowed to soil or defecate in the park. Mutt Mitt stations are provided at most parks. When not available, please carry a plastic bag to properly dispose of waste.
- Dogs shall not be permitted on any park lands designated for sport fields or in any immediate playground structure areas.
- Avoid walks at dawn or dusk. Wildlife is more likely to be out at these times.
- Make sure your dog has proper identification (i.e. name/rabies tag, microchip, etc.)
- Be sure to carry water for your dog.
- Do not leave your dog unattended in a locked car for any length of time.
- Train your dog to sit on cue to avoid jumping on people or other dogs.

It's the Law....you must license your dogs!
