

July 2, 2012

A regularly scheduled work session of the Lockport Town Board was conducted at 1:00 p.m. on Monday, July 2, 2012, at the Town Hall, 6560 Dysinger Road, Lockport, New York.

Present were: Supervisor: Marc R. Smith
 Town Council members: Cheryl A. Antkowiak
 Paul Siejak
 Absent: Paul H. Pettit
 Mark C. Crocker

Also present: Nancy A. Brooks, Town Clerk and Robert Klavoon of Wendel Engineering.

Supervisor Smith opened the meeting at 1:00 p.m. for the following discussion and/or action:

1. **Town Clerk**

There was no correspondence to report but she just received notice from the Building Inspector that the July work session and regular monthly meeting of the Town of Lockport Planning Board have been canceled. The media have been contacted.

2. **Town Attorney** - No report.

3. **Engineer**

Mr. Klavoon reported that the Red Creek Water Line project work has been completed. The interconnections should be made by Thursday, July 5th. The landscaping and restoration will be done in the fall.

4. **Town Board Comments**

Councilwoman Antkowiak reported on several items as follows:

First Summer Movie Night – The first movie was shown on Saturday, June 30th. Although the crowd was light, the night went well. The weather cooperated but she thought perhaps the Recreation Committee was competing with many graduation parties.

All Sports Summer Camp – The event will not be held. The level of participation was not enough to conduct the camp. Councilwoman Antkowiak hopes that in the future, the Town will be able to host such a camp.

Day Road Park Umbrellas – The Councilwoman stated she met with Kenny Banker of the Town Water Dept. to examine the umbrellas to see what repairs are needed. They will obtain pricing for a “sandwich” type repair. She will keep the Board updated as she gathers the needed information.

Day Road Park Practice Fields Parking Lot – The Councilwoman met with David Miller, Highway Superintendent, Ken Banker from the Water Dept. and Rob Klavoon, to discuss what options are available for installing an off-street parking lot along East High Street. She stated that the size of the lot has been reduced from the original plan. The current plan is to install a stone parking area for persons using the practice fields sometime in 2013.

Continued next page

Car Shows at Day Road Park - Councilwoman Antkowiak reported that the first of three summer car shows was held on Sunday, July 1st. The event went well with no hitches and she expects that more people will attend the following shows as word of the shows gets out.

Councilman Siejak gave a progress report on the status of the new restrooms at Day Road Park. He stated that the tile work is complete and the plumbing is currently being completed. There is some electrical work yet to be done but David Miller expects that the restrooms should be completed by the first or second week of July.

NYS Land Conservancy Garden Tour at Lytle Park – Councilman Siejak reported that everything is in place for the upcoming tour of the park on July 8th. Mr. Ken Horvath will act as the tour guide for the event.

Town of Lockport Audit – Mr. Siejak stated that the Town’s audit had just arrived and that he had briefly looked at it and that the Town’s financial status looked very good.

Think Green Recycling Program – He reported that some residents had reported having trouble changing over to the new website for the recycling program. Councilwoman Antkowiak stated that early on there were some adjustments that were needed but they have been made and that everyone should now be able to check their accounts for their recycling points. Additionally, Councilman Siejak stated he had talked with C.I.D. Waste Management regarding obtaining new recycling bins for Day Road Park. Supervisor Smith commented that he would like to see the same type of container as the waste receptacles but have them colored or marked for recycling. The cost for that type of container is around \$500. Councilman Siejak will discuss this idea with his contact at C.I.D.

5. **Supervisor’s Comments**

Computer Upgrade – The Supervisor reported that he has contacted JB Computers to get pricing for upgrading several (10-12) computers at Town Hall as some are very old and in need of upgrading. The quotation will be for adding memory and replacement of the cpu’s.

DOT Meeting – Supervisor Smith stated that he and Mr. Klavoon had met with representatives from the D.O.T. with regard to a plan to continue on with sidewalks along the rest of Route 93 (Robinson Rd) from Center Street (entrance to the Village Mobile Home Park) all the way to Transit Road. He thought the meeting went well; the DOT representatives seemed very positive regarding the plan. The Town will contact the DOT with a letter outlining our support and contribution to the project.

6. **Adjournment**

There being nothing further, Supervisor Smith asked for a motion to adjourn.

MOTION (2012-118): to adjourn was made by Council member Antkowiak and seconded by Council member Siejak. The motion was CARRIED: AYES -3, Nays -0.

The meeting was ended at 1:20 p.m. The Lockport Town Board will next meet at 7:30 p.m. on Wednesday, July 11, 2012.

Respectfully submitted,

Nancy A. Brooks, RMC, CMC
Lockport Town Clerk
