- * By law, all cats, dogs and domesticated ferrets must have a current rabies vaccination from four months of age and on.
- * Cats and dogs receiving immunization **WITHOUT PROOF** of a previous rabies immunization will receive a certificate valid for one year. Cats and dogs **WITH PROOF** of previous rabies immunizations will receive a certificate valid for three years.
- * Ferrets must receive vaccinations annually, regardless of previous immunization.
- * **All Animals** must be properly restrained. Cats & Ferrets must be in a carrier. Dogs must be leashed.
- * **The Department does not offer dog or cat vaccinations other than rabies.** It is very important for the health and well being of your animal and the other animals attending our rabies clinics, that they have seen a veterinarian and are up to date on all of their immunizations, to include dog parvo virus.
- * **Niagara County hereby disclaims any and all liability, damages and/or claims for any adverse reaction(s) experienced by any animal, including, but not limited to, allergic reactions to vaccines, allegedly caused by receiving vaccinations at any participating Niagara County Clinic.** Pet owners assume the risk of any alleged adverse reactions from a vaccination experienced by any animal which receives a vaccine from a Niagara County Clinic. Pet owners are encouraged to consult with a private veterinarian should they have any questions or concerns as to how their specific pet(s) may react to any specific vaccine.
